

## **Raves for Charlotte S.Waisman**

It is a wonderful testament to the power of Her Story that someone would seek you out the next day to have you autograph the second copy of your book after hearing you speak. *Friends of the Paonia Library*

It was a very inspiring presentation. *General Counsel, Lockheed Martin Corporation*

Charlotte's speech was FABULOUS; it was a good fit for me and helped me get great insight. *Busy Bees Book Club.*

Charlotte was great. I appreciated how she stressed the differences between the women yet the over-all concept that the leadership strengths were what helped them do what they did. She gave great ideas to us about how to grow and to prepare myself and to develop ourselves as leaders. *WICT participant.*

Charlotte really listened attentively and thoughtfully answered all of the questions the students posed. She told relevant stories and really engaged our high school audience. *Librarian in New Jersey.*

Charlotte was clearly well-prepared to talk about the women in the book. Her style is very clear and warm. We will invite her to another session. *Daughters of 1812.*
