

## ***Destination: Venus Flash Cards***

The flash cards that follow feature different types of contributions made by women to air and space travel. We feature women astronomers, pilots and astronauts.

Each flash card is sized for a 4" x 6" index card with a front and back side. The front side contains an image and a question. The back side repeats the question and provides the answer.

The flash cards are derived from the more than 850 women in U.S. history from 1587 to 2007 featured in our book ([www.herstoryatimeline.com](http://www.herstoryatimeline.com)). ENJOY!

*Her Story: A Timeline of the Women Who Changed America*  
*Charlotte S. Waisman and Jill S. Tietjen*

*Her Story: A Timeline of the Women Who Changed America*  
Charlotte S. Waisman and Jill S. Tietjen

**She found a comet. She got a Gold Medal from the King of Denmark. In 1848, she was a famous astronomer.**
