

Venus Features Flash Cards – Set ONE

All of the features on the planet Venus are named for women. This flash card set includes women who have features named for them on Venus and who are also profiled in our book *Her Story: A Timeline of the Women Who Changed America* (www.herstoryatimeline.com). The Venus features are craters, patera and corona.

Each flash card is sized for a 4” x 6” index card with a front and back side. The front side contains an image and a question. The back side repeats the question and provides the answer.

The flash cards are derived from the over 850 women in U.S. history from 1587 to 2007 featured in our book. ENJOY!

Her Story: A Timeline of the Women Who Changed America
Charlotte S. Waisman and Jill S. Tietjen
